Dear regional experts:

This correspondence is to request agency environmental and construction oversight of a proposed poultry plant located in Tonopah, Arizona in the above referenced parcels. These parcels total approximately 360 acres of land immediately adjacent to the 'downtown' intersection of 411 Avenue and West Indian School Road.

Additionally, by copy of this letter, we are formally requesting that Hickman's Egg Ranch, Inc. (aka Desert Pride Farms), provide a Comprehensive Environmental Impact Study to be completed and mailed to each of your agencies and both the area commercial and residential community through the Tonopah Valley Community Council prior to major site construction. By copy of this correspondence, this request has been mail this date to Mr. Glenn Hickman, President and CEO, Hickman's Egg Ranch, Inc., 6515 S. Jackrabbit Trail, Buckeye, AZ 85326. An initial listing of our Impact Study concerns are:

- Air Pollution Control/Mitigation
- Conservational Allotment of Groundwater
- Water Quality and Water Pollution Control
- School Aged Children Safety
- Native Indian Artifact Preservation
